Product: Zinc Oxide (CAS no. 1314-13-2)

Zinc oxide does not contain bovine spongiform encephalopathy (BSE) pathogens or residual solvents; nor does our zinc oxide contain or come in contact with any other components of animal origin.

Our zinc oxide is also free of contact with the following:

- genetically modified organisms (GMO's)
- organic volatile impurities
- dioxins
- nuts/peanuts
- dairy

Please note that the above information does not release the customer from their obligation to carry out an inspection of the product received upon arrival.
